

Operations IG

Chair: Tom McGlynn
Vice-Chair: Mark Taylor

IVOA Interop Meeting
Shanghai
15 May 2017

`$Id: ops-preview.tex,v 1.5 2017/05/11 10:25:19 mbt Exp $`

Activities

From Operations Interest Group Charter (paraphrase):

*Coordinate and publicize activities facilitating robust operations of distributed astronomy applications, particularly IVOA ones based on IVOA protocols.
Specifically:*

- *Publicise monitoring services*
- *Promote discussions increasing implementation reliability*
- *Summarise availability, quality and usage statistics*
- *Assess validation capabilities required as part of standards review process*

Ops 1: VO Implementations and Operational Issues

Tuesday 09:00, Room D

- Data center reports:
