# Roadmap

## SoftID Note

- Publish soon!
- Encourage and monitor takeup

## Tackle non-compliant services

- Update validators as required
- Support service operators to use validation
- Chase up common/persistent issues

Email: [ops@ivoa.net](mailto:ops@ivoa.net)  
Slack: [#operations](https://ivoa.slack.com)

## Provide feedback to standards

- Continue to work with DAL to feed back operational experience to standards update/development

## Ongoing activities

- Monitor VO health (conformance, reliability, performance)
- Curate list of validation tools
- Provide forum for operational discussions

## Inter-interop meeting topics

- Non-compliant service review and activities
- DAL/Ops standards feedback (and what to do about it)
- Validator developments
