

# Summary of RadiolG session

**Mark Kettenis**

**Malta, November 2024**

# Summary

- Mattia Mancini presented LOFAR space weather data
  - Managed to connect him to Baptiste Cecconi
- Extended discussion about Obscure radio extension
  - Discussion on (not) renaming some proposed parameters
  - Analysis of lessons learned -> hopefully will help the HE IG
  - Still some technical issues to work out regarding
    - How to handle commonalities between extensions
    - Discoverability of the extension

**Thanks to Vincenzo Galluzzi  
for taking notes!**
