Technical Roadmap

- WGs and IGs create and maintain roadmaps
- Covers period from one Interop to the next
- Provides direction
- Summary of activity
- Projects future work

<https://wiki.ivoa.net/twiki/bin/view/IVOA/TCGRoadmaps>

Technical Coordination Group - Roadmaps

This page lists all the roadmaps the TCG updated over time. There are usually two roadmaps per year, spanning the activities planned for the time span between two subsequent Interoperability Meetings (roughly 6 months).

Current Roadmap

Development activities by the various IVOA Working and Interest Groups between the November 2025 Interoperability (Görlitz) and the June 2026 Interoperability (Strasbourg).

Request for Feedback

- Existing ecosystem/architecture
 - Preserve and update
 - Get to know it
 - Activities are volunteered
 - Build on consensus (no, it's not fast)
- Be constructive
 - Devote time to discussion
 - Don't hesitate to propose discussion topics
 - Not only activities reports
- Cleaning up and maintaining
- Help newcomers, improve dissemination

If you want to go fast go alone, if you want to go far go together
