

**Report on the IVOA 2020 Northern Fall organisation.  
Granada, Spain. November 13-15, 2020  
Enrique Solano. SVO**

- The next “Northern Fall” IVOA meeting will take place in Granada on November 13-15 (Friday – Sunday), just after ADASS. The venue will be the same as ADASS 2020: [Hotel Abades Nevada Palace](#).
- IVOA follows ADASS but they will be considered as two completely different meetings with different LOCs and different budgets.
- IVOA 2020 LOC
  - Enrique Solano (Spanish VO. Centro de Astrobiología, Madrid)
  - José Enrique Ruiz (Instituto de Astrofísica de Andalucía, Granada)
  - Juan Carlos Suárez (Universidad de Granada)
- Registration fee
  - A registration fee is required to pay for the expenses associated to the meeting rooms, multimedia equipments and coffee-breaks. We initially explored two other zero-cost alternatives:
    - Instituto de Astrofísica de Andalucía → Discarded by the lack of large rooms.
    - Universidad de Granada → Closed during the weekends.
  - The amount of money to be paid in the registration is still TBD. It depends on the final price of the hotel facilities and the honoraries of the technical secretary.
- Meeting room:
  - The idea is to book a large room (for the plenaries) than can be easily splitted into two for the parallel sessions.
- The skeleton of the meeting web page is already set up.
