TCG	1			Some editorial comments to be corrected for the final version. Done.
IGs				
Data CP	1			Some editorial comments to be corrected for the final version. Done.
Standards and Processes				Approval not formally required
Theory	1			
	YES	Yes, but	NO	
TOTAL	10	0	0	

Ref. Implementation 1 The VODataService page includes five compliant sample VOResource instances that use the VODataService extension at:
http://www.ivoa.net/cgi-bin/twiki/bin/view/IVOA/VODataService#Version_1_1_proposed

Ref. Implementation 2

Recommendations to EXEC	VODataService has gone through a smooth RFC and TCG Review period. It has received approval from all TCG members. It includes now the reference to the IVOA Architecture, as agreed during the TCG meeting at Victoria. So we recommend the IVOA Exec to approve VODataService as an IVOA Recommendation.
