

V&V

1. inconsistency between
iVBA standards | TCG
VOK.

2. inconsistency of Registry "entries"
→ Registry WG

3. inconsistency of Services vs Standards

Names
~~codes~~ for Main Suicene Cases
+ Standing other on Sci. Primitis
Regular report/presentation @ APPS

• Regular implementation/feedback "Report"
@ each WG (→ Japan interest)

- Japan interest
@ each WG.
 - look at all implementations of WG stds.
 - learn from them
 - determine if future changes are required.
- Joint WG sessions if applicable
