New VOSpace Public Share Protocol

Much interest and general agreement

Defines means of getting permanent URL from a VOSpace

Will be added to VOSpace 2.1 'Custom Protocols' section as a real world example

Group Authorization Standardization Agreement!

Enables Interoperable, Distributed Authorization

To be determined: External protocol endorsement or internal standard?

Documents in RFC

VOSI v1.1

SSO v2.1

SSO 2.1

- Version that addresses RFC comments to be posted very soon
- One more review round coming next week
- One more TCG comment/approval needed
- Anticipate PR to Exec by end of 2016

Many thanks to Giuliano Taffoni

VOSI 1.1

- Very few changes to 1.0:
    - Removed SOAP references
    - Added scalable VOSI /tables endpoint
- Latest version is on RFC page
- Have not received any TCG comments yet
- Anticipate sending PR to Exec before Shanghai
