

# Building the Edu IG roadmap

Massimo Ramella

INAF Osservatorio Astronomico di Trieste

*IVOA Interop Heidelberg, May 13 – 17 2013*

# Project Plan

Edu → VO

VO ↔ VO

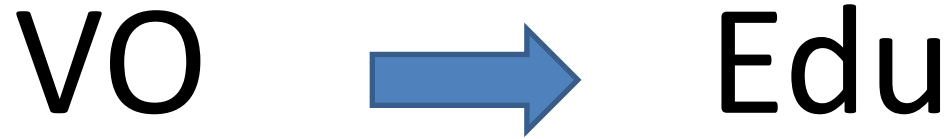

VO → Edu

# Edu → VO

- Names of interested scientists /teachers  
(e.g. edu mailing list)
- List of projects using VO resources (or potentially interested)  
(e.g. Eu-HOU, INAF D&D)
- Requirements
  - general (e.g. school organization)
  - technical (e.g. publish data, tools, etc)

- Inform VO about Edu requirements  
(mailing lists, [Twiki](#), TCG, ...)
- Identify possible VO actions  
(EduIG is aware that these are hard times)
- Organize and archive EDU documents and products

- Distribute resources  
(e.g. [EuroVO AIDA](#), VO registry tools,...)
- Advertise VO Edu  
(e.g. really, we should be listed in [WebStars](#))
- Foster collaboration between teachers and astronomers sharing materials and best practices  
(e.g. VO schools, VO days, public events, ...)
